

W. C. McDONALD

Governor of New Mexico Stands
Ready to Aid U. S. Troops.HOUSE MINORITY
THREATENS TROUBLELegislative Program Not to the
Liking of Republicans.

Washington, April 24.—Democratic and Republican members of the house are on the verge of a clash over the legislative program of the remainder of the session.

The majority, desirous of carrying out the wishes of the White House in rushing through the Philippine and shipping bills as quickly as possible, is threatening to invoke drastic rules which will insure the measures right of way. The minority, while making no threats, are conducting what appears to be a mild filibuster on the agricultural bill and urging consideration of the fortifications or appropriations measures in lieu of the present special measures. In the meantime the Democrats are having many conferences in Majority Leader Kitchin's office in an endeavor to reach a working agreement.

Besides having a discontented minority, Democratic leaders face a problem within their own ranks on the Philippines bill. The White House, it is understood, favors the measure as amended by the senate to give the Filipinos freedom in four years, but this does not meet with the united approval of the house Democrats.

Another week will be required to finish the shipping bill, it is said, and unless the debate on the agricultural bill lasts throughout this week, the Philippine measure probably will be considered next. Whenever the shipping bill does come in, it is certain to precipitate a prolonged and heated fight.

Preparedness measures, which a few weeks ago were promised a clear track, are not moving rapidly to completion. The army bill, amended in the senate so as to provide upwards of 1,000,000 trained men, reposes in the house military affairs committee, due to the objection of Mr. Mann to its being sent to conference on the ground that he had not read it.

Helps Some.

ROOSEVELT WOULD FIGHT

In the Event of a Breach Between the United States and Germany.

Oyster Bay, N. Y., April 24.—If the United States goes to war with Germany, the Roosevelt will go—all of them. The colonel said so in a statement called forth by the recent utterances, "Stand by the president," but he spoke for the men who would have to do the fighting and who would die in thousands, he said, because of the country's unpreparedness.

Mr. Roosevelt said: "Men are saying that they stand behind the president or by the president. I wish to speak for the men who in the event of war will stand in front of the president, and be between him and the foreign enemy; and who therefore will stand between danger and the men who are behind or beside the president. These are the men who will go to war at once if there is war with Germany, or with any other great power, and who tell as I do, that we would far rather go to war unprepared than see our women and children murdered with impunity and the honor of the flag stained. But it is a wicked thing that the folly of our rulers in obeying the behests of the peace-at-any-cost people and of the apostles of anti-preparedness, should make the sacrifice either useless or else needlessly and appallingly wasteful in blood."

BRUISES

RECEIVED BY MRS. EARLYWINE
WHEN THROWN BETWEEN A
TEAM OF FRIGHTENED AND
RUNAWAY HORSES.

Bladensburg, April 24.—Starting home from attending services at the Disciple church here yesterday, County Commissioner and Mrs. John C. Earlywine had an exciting experience which resulted in bad bruises to Mrs. Earlywine's face and body.

The buckle of the reins of their buggy passed through the ring in such a manner that when Mr. Earlywine attempted to pull up the horses, one of the beasts was given a severe jerk. The animals frightened and started off.

Mrs. Earlywine, holding the coil, was thrown between the horses and received injuries to both eyes as well as to her arms and legs. She and her husband then let loose of the team which dashed into a pole down the road, breaking the tongue and a spoke.
